The Spirit of Leadership Myles Munroe, 2005-01-01 You were born to lead. Now it's time to become a leader. Leaders may be found in boardrooms, but they may also be found in families, schools, and organizations of all kinds—anywhere people interact, nurture, create, or build. Contrary to popular opinion, leadership is not meant for an elite group of people who, by fate or accident, become leaders while everyone else is consigned to being a lifelong follower. After personally training thousands of leaders from around the world, best-selling author Dr. Myles Munroe reports that while every person possesses the potential of leadership, many do not understand how to cultivate the leadership nature and how to apply it to their lives. In *The Spirit of Leadership*, Dr. Munroe defines the unique attitudes that all effective leaders exhibit, explains how to eliminate hindrances to your leadership abilities, and helps you to fulfill your particular calling in life. ...a defining portrait of true and effective leadership. Jakes, The Potter's House of Dallas The world is groaning in travail, waiting for the manifestation of those who will rise up as followers of God and leaders of men.... Dr. Myles Munroe will give you invaluable insight in your quest to discover and develop the spirit of a leader. —Pastor Rod Parsley, World Harvest Church Are you aware that God has ordained you to be a leader? The Power of Character in Leadership Myles Munroe, 2014-01-01 How to Protect Your Leadership Influence and Power You've worked hard to achieve your dreams and goals. Many others have done the same—only to lose it all in the end. Every day, we read about successful people in various walks of life who have lost their power and influence. They've been fired, forced to resign, or shamed out of public life. They no longer have a market for their gifts, and they may even face criminal proceedings. These leaders have lost the trust of their companies, constituents, nations, followers, and families. Many were surprised to discover that their talents alone were not enough to prevent their downfall. Why did they fail in the end? Because they lacked the one quality that would have protected their leadership and given them enduring influence. Ironically, this quality is seldom taught to leaders today, either formally or informally. It is the quality of moral force, or character. Every human being is a leader over some domain as he or she exercises gifts and influence. That domain might be the halls of government, the boardroom, the classroom, the community, or the home. In *The Power of Character in Leadership: How Values, Morals, Ethics, and Principles Affect Leaders*, you will discover what character is, what it means to develop moral force, and how to preserve your leadership influence so that it is both effective and enduring.

Passing It On Myles Munroe, 2011-05-25 Leaders everywhere, in arenas big and small, struggle with the desire and, frankly, the need to make sure their vision for the organization they have created or grown continues regardless of circumstances. And the question what will be my legacy? is a question all people ask themselves. Myles Munroe has observed that the tendency among leaders is to deal with this question as serious circumstances or retirement loom. Further, it is his belief that this is one of the most important decisions a leader will ever make. This book is a wakeup call. Myles Munroe wants all leaders to focus on building the right team for the future and to make it a top priority because the process is not a quick one. Properly mentoring the right people to ensure the continuation of an organization is actually a process that must be woven into that organization over a span of years or even decades. Chapter topics discussed include The Chaos of Transition The Leadership Dilemma Living Beyond Your Generation The Principles of Mentoring *PASSING IT ON* shows how to use the concept of mentoring within an organization to value the distinct talents and abilities of the individuals. Mentoring is the pathway to developing leaders from within; leaders who are in line with the goals of the organization; leaders who are most likely to adopt and carry a vision forward.
